1. Action Requested: Approval of the recommendation in paragraph 3 to delete those provisions of Annex E of [redacted] which require the Inspector General to make recommendations to the Director on CIA activities which involve assistance to or from other government components. This recommendation is brought to your attention in response to the requirement in [redacted] (Restrictions on Intelligence Activities) that amendments to that regulation have your approval.

2. Discussion:

a. The present Annex E of [redacted] (attached) prescribes the procedures for obtaining approval for CIA components to give or receive assistance from other government agencies. It contains a requirement that Deputy Directors and Heads of Independent Offices send to the Inspector General requests to start or continue relationships with other agencies that have significant policy or resource implications as well as those for which the legality or propriety had not previously been established. (See paragraph (3) of Annex E) The Inspector General is then required to recommend initiation, continuation, termination, or modification of these relationships. These requirements were established in 1974 as part of the Director's efforts to ensure management control over the Agency's response to requests from other agencies for CIA assistance and support.

b. Our review of the Inspector General's role in this process has led us to the conclusion that this Office should not be involved in the management approval of these requests. We have found that the information made available, and the time constraints involved for review and approval, rarely permit thorough and meaningful assessment of the proposed

relationship; the proposals involve issues of policy, resources, and value which are beyond the issues of propriety normally brought to our attention; and there is some concern that our involvement in management decisions may, in some way, compromise this Office's review of such activities at a future date, should that become necessary.

c. Other provisions of [ ] (Restrictions on Intelligence Activities) requiring Agency employees to bring questionable activities (including questionable forms of assistance to other agencies) to the attention of the Director or the Inspector General are sufficient to ensure this Office's appropriate role in considering such assistance.

3. Recommendation: That the provisions in paragraph (3), Annex E, [ ] pertaining to the forwarding of requests for assistance to other agencies to the Inspector General and the Inspector General's review of such requests be deleted. The relevant sections of Annex E are underlined in the Attachment. Specific changes in the wording of Annex E are presently being considered by the Office of the General Counsel in an overall revision of [ ] to bring it into conformity with Executive Order 12036.

The Inspector General, after requesting and receiving the written opinion of the General Counsel, will recommend initiation, continuation, termination, or modification of the activity as he may deem appropriate. Where there is disagreement by the Deputy Director, the Inspector General, or the General Counsel, the report will be forwarded to the Director for resolution.
